

NOTICE OF ISSUANCE OF EMERGENCY PERMIT

The Tennessee Department of Environment and Conservation's (TDEC) Division of Solid Waste Management (DSWM) has issued an emergency permit, [Permit No. TNTMP-06-002](#), to Arnold Engineering Development Center, EPA I.D. Number TN8 57-002-4044, located at 100 Kindel Drive, Arnold Air Force Base, Coffee County, Tennessee. This emergency permit was effective as of December 20, 2006. This permit, valid for 90 days, shall terminate on the date the wastes are treated (by detonation) to a non-hazardous condition, or March 20, 2007, whichever is sooner. The emergency permit is for treatment of one (1) 2.36 mm rocket grenade, with a hazardous waste code D003 (reactive).

The emergency permit under Tennessee Rule 1200-1-11-.07(1)(d) was warranted because improper management of the hazardous waste could result in an imminent and substantial endangerment to human health or the environment and because no authorized hazardous waste management facility will accept the hazardous waste due to its being listed as a D003. The issuance of this permit has resulted in an environmental benefit by allowing the waste to be stored and treated in a controlled manner. This permit was issued in accordance with the provisions of the original Resource Conservation and Recovery Act and 1984 Amendments and was designed to protect human health and the environment.

Copies of the emergency permit are available for public inspection through March 20, 2007 during normal business hours, 8:00 a.m. to 4:30 p.m., Monday through Friday, except legal holidays, at the Columbia Environmental Field Office, 2484 Park Plus Drive, Columbia, TN 38401 (931-380-3371) and at DSWM's Nashville Central Office located on the 5th Floor, L & C Tower, 401 Church St., Nashville, TN 37243-1535 (615-532-0780). The emergency permit is also available for public inspection at the Coffee County Lannom Memorial Public Library, 312 North Collins Street, Tullahoma, TN (931-455-2460).
